

In House Financing for Your Plastic Surgery

Make your plastic surgery with a fast and easy payment solution.

At 305 Plastic Surgery we provide in-house financing through an initial deposit that gives you these benefits:

It doesn't affect your credit.

You have 24 months to complete your payment at your convenience.

Get a guaranteed fixed price.

Choose a date for your procedure.

Credit Options

We also have choices that perform loan management and satisfy the needs of patients in the best terms for their financial situation.

These services attend all types of credit. Your evaluation can favor you with convenient monthly installments, no penalty if you anticipate your payment, attractive interest rates and an alternative equivalent to cash financing.

You can apply here:

- Alphaeon Credit
- Care Credit
- Protapay
- United Medical Credit

Bad credit?

If your credit can be a barrier, we provide advice to help repair it and regain your financial ability to achieve goals.

We do have an in house financing plan where you can make a deposit of \$500 to lock in your date. We do send you a link to your portal where it has the details of the procedure, what is included, and the pricing. After you have made the deposit it will show the payment and the balance you owe. Whenever you would like to make a payment towards your procedure you can let us know and we will send you a new link that will take you back into your portal where you can make additional payments. We do not charge interest or fees, or require set payments, the amount and frequency of payments is up to you. You do have up until 2 weeks prior to surgery to use the portal to make payments with your debit/credit card. Any remaining balance can be brought in cash on the day before surgery when you come in for pre op.

Alpheon is accepted at the regular price of the procedure. You will need to apply for Alphaeon on their website, and they do approve you based on your credit score and history. Once you are approved, you can do the deposit of \$550 from the Alpheon account to lock in your procedure and the balance will be taken on the day of pre op. Please note that the account holder does need to be present at pre op to sign and approve the payment, not only the account user.
